WE THANK EVERY VOLUNTEER WHO GIVES THEIR TIME

AND ALL THE DIFFERENT WAYS THEY DO IT

MNK ASSEMBLY

Volunteers in a woman's Relief Society Group assemble 75 Mothers' Newborn Kits as an activity. Many of these MNKs have already been distributed overseas.

MEDICAL SUPPLIES

Once a week as many as ten missionary volunteers come and help inventory medical supply donations. They then assist in building pallets, which will eventually be shipped overseas.

OFFICE TASKS

Two service missionary volunteers serve in the office a few business days every week. These volunteers inventory, process donations, handle social media and assist in many other administrative tasks.
